

## Matheon-Kalender is looking for donors

We here at the MATHEON Research Center in Berlin, Germany, organize the acquainted math Advent calendar each year. We propose a riddle each day from December 1 until December 24. The MATHEON-Kalender has intrigued pupils, students and adults for the last 13 years now. This year we want to reach an even bigger audience by offering the calendar in English as well.

### **What we are looking for?**

We are looking for donors of material prizes or vouchers, which we want to hand out to the most successful participants. The prizes are a great motivation for the participants.

### **What we offer you?**

You will be listed as an official donor on our site [mathekalender.de/matheon](http://mathekalender.de/matheon) together with a list of the prizes you contributed. You will be explicitly named and thanked at the grand prize ceremony in January in Berlin. You can also hand over your prize in person and get a stand for your company in the lobby. We will advertise your company with your logo and the prizes you want to contribute on our facebook page and other marketing channels. Please don't hesitate to contact us to discuss any questions or ideas you may have!

We are looking forward to hearing from you!
